

THOR Plate Carrier

DESCRIPTION

The **THOR plate carrier** enables the wearing of torso plates (front and back) to protect the vital organs, whilst maintaining a lightweight package with good airflow over the torso.

The plate carrier holds the plates firmly but should the need arise, such as medical emergency, un-planned water entry or entrapment, the Tubes™ allow quick release, even when wearing gloves. It is just as quick to re-assemble.

Elastic loops and double sided hook/loop webbing located on the shoulder straps are designed for routing cables, hoses or to secure an antenna.

KEY FEATURES

- Lightweight armor solution for ultimate mobility
- Internal passive ventilation system
- Low profile laser cut Slot Attachment Interface (SAI)
- The Tubes™ buckles provide quick and easy opening/closure.

ARTICLE DATA

Art. Name: THOR Plate Carrier
Size: S1, S2, S3
SB Geometry: M2710
HB Geometry: T3, T4, N4, T5

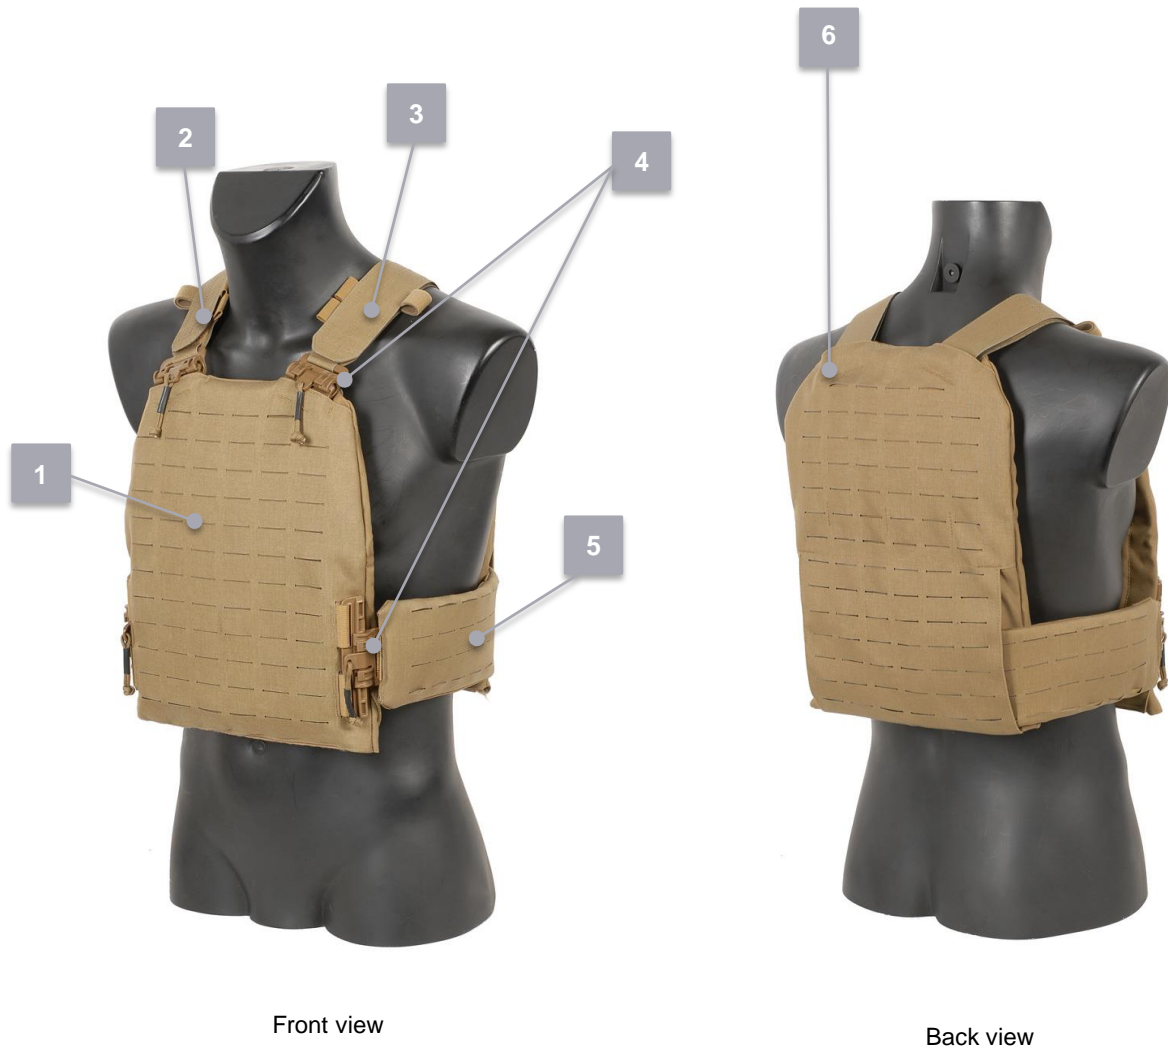

AVAILABLE COLORS

¹ Expected availability Q4 2016

PRODUCT DETAILS

- The THOR Plate Carrier is adjusted through the hook and loop fasteners at the shoulders and the elastic cord (side belts).
- Shoulder support; add the yoke for increased load bearing capacity and comfort.
- Lumbar support; add the Split Lumbar Support belt for increased load bearing capacity and comfort.
- Side protection; add the side covers for side protection.
- Supplementary protection; throat, neck/shoulder, upper arms and lower abdomen.
- Modular load bearing capacity; add the Chest Panel.
- Transformability; exchange any basic component to a corresponding from the THOR Protection or Integrated carrier in order to customize the carrier for your specific requirement

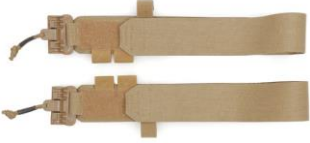

1. THOR Plate Carrier Front Cover
2. THOR Shoulder Strap (Right)
3. THOR Shoulder Strap (Left)
4. THOR Tube Adapters

5. THOR 4 Belt
6. THOR Plate Carrier Back Cover
